d. Establishment of Unvouchered Allotment Account for Unvouchered Headquarters Transportation Charges (continued item)

The Technical Accounting Staff is continuing to develop the procedure for the maintenance of the consolidated "03" account covering all transportation funds of the Agency. Informal information received indicates that the Technical Accounting Staff will refrain from indicating where the maintenance of this responsibility should be lodged within the Logistics Office, leaving such a decision up to the Chief growth of Logistics.

E. Assignment of Responsibility to Logistics Office for Initial Distribution of Agency Regulatory Issuances (continued item)

Memorandum has been received from the Chief, Printing and Reproduction Division which states that the Division will be unable to cope with workload involved in the subject function without an increase in personnel; however, an additional request has been received by the Division from OCD to make the initial distribution of an OCI handbook publication. The Chief, Printing and Reproduction Division believes the workload of these two projects could be adequately handled by the addition of one position to their T/O.

		At the request of ACOP, a representative of this Staff set up a
		meeting with the Executive Officer, OCD, to discuss the problem of
	25X1A9A	initial distribution of regulations and other publications by the
	20/1/10/1	Printing and Reproduction Division. The meeting was attended by
		Messrs. of this office, and Messrs.
	25X1A9A	of OCD. It was informally agreed that initial
		distribution of publications produced in large quantities such as
STA	ΛT	the MIS and regulations, could be handled more effi-
		ciently and economically by the Plant provided an adequate staff is
-		available to perform the workload. Further study is being made of
٠,		this problem for the purpose of determining the total workload involved.
7		f. Staff Support for the Headquarters Board of Survey (continued item)
